SCENE 1

The stage is bare. The lights dance and flicker mesmerizingly before we see the words "The Freshest Snow Whyte". SNOW WHYTE and all other cast members enter. Snow Whyte speaks to the audience ...

SNOW WHYTE

If you're ready for the freshest
say, "Start the show!"
(audience says, "Start the show!")
If you're ready for the freshest
say, "C'mon, start the show!"
(audience says, "C'mon, start the
show!")
If you're ready for the freshest
say, "Snow Whyte!"
(audience says, "Snow Whyte!")
If you're ready for the freshest
say, "C'mon, Snow Whyte!"
(audience says, "C'mon, Snow
Whyte!")
I think you're ready.

A beat starts. Snow Whyte raps as the cast does a movement piece that compliments and reflects the following lyrics.

SNOW WHYTE (CONT'D)

My name is Snow Whyte
Spelled with a y, not an i
I'm about to set the story up
In perfect time
Sit back, relax
And just open up your mind
Cuz we're sure to take you
On a journey of a special kind
Said my name is Snow Whyte
But not the Disney version
Cuz this remix
Is just a bit more urban
And these raps are tight
Just like a turban
My talent reveals the light
Like an open curtain
Yeah, so put ya sunglasses on
And nod ya head
If ya feelin' the song
The present time is the year 3000
A lot has changed
But there's still public housing
There's mostly
Just haves and have-nots
And you might see a person
Who's really a robot

(MORE)

SNOW WHYTE (CONT'D)

Cuz technology is off the chain
 But human nature
 Is mainly the same
 And if you wanna know
 My status in this world
 I'm very well off
 Yes, I'm a very rich girl
 I'm like royalty
 Like Queen Nefertiti
 But instead of writing
 hieroglyphics
 I project graffiti
 On the walls
 Maybe on the bathroom stalls
 I'll project graffiti
 On your forehead
 I've got the gall
 And the ball's in my court
 and I don't play a sport
 I'm so fresh and fly
 I'm like the baby with the stork
 Yeah, so flap your wings to this
 And listen closely
 So you won't miss
 Any part of the story
 Now quietly put your wings
 On ya lap for me
 Yeah, cuz here comes the story
 About to break it down
 And build it back up - Montessori
 Yeah, now we present the story
 Yeah, check out the story ...

The music fades out as all performers except the actors
 playing KANYE EAST and 3 PAC exit. We are now in The Wild
 Style Art Gallery. We see Kanye East and 3 Pac inside. House
 lights come up as Kanye East, holding a device in his hand,
 addresses the audience ...

KANYE EAST

And now, without further ado, I,
 Kanye East, unveil my latest, and
 most marvelous, painting. I call
 this piece simply ... The Freshest.
 3 Pac, would you do the honors?

3 PAC

Yes, sir.

Kanye East hands the device to 3 Pac. 3 Pac presses a few
 buttons on the device and a graffiti piece is projected. The
 piece is good. Kanye East leads the audience in applause for
 the painting.

KANYE EAST
I've outdone myself. Absolutely
stupendous.

3 PAC
Yes, sir.

KANYE EAST
How do I do it?

3 PAC
Do what, sir?

KANYE EAST
Outdo myself each and every time.

3 PAC
I don't know, sir.

KANYE EAST
Of course you don't. I'm
astonishing.

3 PAC
That you are, sir.

Kanye East addresses the audience.

KANYE EAST
People, let this be a lesson to
you. If you're ever at the top of
your game, as I am, and you doubt
your ability to get even better,
have faith. There is always another
summit I -- I mean you -- can
reach.

Kanye East, again, leads the audience in applauding.

KANYE EAST (CONT'D)
Goodnight.

House lights go down as Kanye East looks at his paintings and
then begins to weep.

3 PAC
Sir, what's the matter?!

KANYE EAST
(through tears)
It's just ...

3 PAC
Yes?

KANYE EAST

I ... I ...

3 PAC

What is it, sir?

KANYE EAST

I'm so awesome!

Kanye East cries harder as 3 Pac gives him a handkerchief.

KANYE EAST (CONT'D)

Thank you.

Kanye East wipes his tears, blows his nose, then puts the snotty handkerchief in 3 Pac's hand.

3 PAC

You're welcome, sir.

3 Pac puts the snot rag back into his pocket.

KANYE EAST

I wonder if Mira thinks I'm the freshest.

3 PAC

I'm sure he does, sir.

KANYE EAST

You're probably right, but I'm going to confirm that. One can never be too certain of one's supremacy. Mira, Mira! Mira, Mira!

All of a sudden, a 3D image appears on stage. It is MIRA. He speaks with a British accent (a la Simon Cowell on American Idol).

MIRA

Kanye East. You've got to be the neediest man in Graffiti City. What is it now?

KANYE EAST

The usual.

MIRA

But you rang me this morning.

KANYE EAST

I know, I know, but I wanted to be
reassured of my position as the
freshest.

MIRA

Of course you do. Well, make haste.
I'm late for a cooking contest to
see who's the tastiest in the city.

KANYE EAST

If I were a chef, I'd be the
tastiest.

MIRA

But you're not a chef, so carry on
with it.

KANYE EAST

Sure thing.

A beat starts and Kanye East raps.

KANYE EAST (CONT'D)

Mira, Mira
Please recall
Who is the freshest
Of them all
Is it me?

MIRA

Yes, it is.

KANYE EAST

Is it me?

MIRA

Of course it is.

KANYE EAST

Is it me?

MIRA

You know it is.

KANYE EAST

It's me!

MIRA

It's you!
(end of rap, beat fades
out)

KANYE EAST
That's what I thought.

MIRA
Fine then. Kanye East?

KANYE EAST
Yes, Mira?

MIRA
Now that your ego has been stroked,
again, try not to call me for a few
days. This is my busiest time of
year. Cooking contests, fashion
competitions, rapping tournaments.
My time is scarce. Do your best to
respect it.

KANYE EAST
Sure thing.

MIRA
Cherrios.

Mira vanishes.

KANYE EAST
Such a wonderful night. Thank you
for sharing it with me, 3 Pac.

3 PAC
My pleasure, sir. Sir ... sir ...
sir ...

Kanye East taps 3 Pac like you might hit a computer monitor.
3 Pac's body jerks then freezes.

KANYE EAST
I hate when these robots freeze up.

Kanye East goes behind 3 Pac and opens up a small flap. He
"reboots" 3 Pac and 3 Pac comes back to life (accompanied by
sound effects).

3 PAC
Did it happen again, sir?

KANYE EAST
What do you think? If you keep
malfunctioning, I'm going to take
you back to the manufacturer and
get a different model.

(MORE)

KANYE EAST (CONT'D)

I know you're supposed to be the most life-like robot available, the most human, but frankly you're not worth the hassle.

3 PAC

I'm quite sorry. I'll try not to do it again, sir.

KANYE EAST

Whatever. Where's Snow Whyte? We should get going.

3 PAC

Snow Whyte isn't here, sir.

KANYE EAST

Wasn't she here for the opening?

3 PAC

No, sir.

KANYE EAST

Where was she?

3 PAC

I believe she was home, sir.

KANYE EAST

That ungrateful little ... You'd think after supplying her with such a cushy life she'd show some gratitude.

3 PAC

I think she is grateful, sir. Maybe she just ... forgot?

KANYE EAST

Forgot?! Who was it that took her in after her parents died?

3 PAC

You did, sir.

KANYE EAST

Who was it that paid for her to go to Graffiti Tech, the best and most expensive technology school in Graffiti City?

3 PAC

You did, sir.

KANYE EAST

And who was it that let her bask in
the ever-shining glory of my
presence since she was yay high?

3 PAC

You did, sir.

KANYE EAST

You know I did. I didn't *forget* to
do those things did I?

3 PAC

No, sir.

KANYE EAST

So she shouldn't forget to attend
my opening. She should have been
here tonight. With bells on. She's
probably home holograph-chatting
with her friends. The girl is
spoiled to the core. She's never
made a bed, swept a floor or washed
a dish. She's been pampered and
coddled her entire life and now
she's got no respect. No matter,
I'll discipline her tomorrow. It's
been a long day. I'll be in the
hover-limo.

3 PAC

I'll lock up and be right there,
sir.

Kanye East exits. 3 Pac goes to the security pad for the Wild
Style Art Gallery and punches in the code. The security
system is activated and we hear a voice over ...

SECURITY SYSTEM

Security system initiated.

3 Pac exits.

SECURITY SYSTEM (CONT'D)

Please exit in 5, 4, 3, 2, 1.
Gallery secured.

The lights in the gallery go out. Music transitions as a
shadowy figure enters with a device. The figure presses the
device ...

SECURITY SYSTEM (CONT'D)

Security system deactivated.

The figure enters the gallery and looks at Kanye East's painting. The figure begins to frenetically press buttons on the device as Kanye East's graffiti piece disappears and is replaced by an extraordinary graffiti piece of the name "Snow Whyte". After a few moments ...

SECURITY SYSTEM (CONT'D)
Default security system activated
... Intruder, intruder, intruder.

An alarm sounds and the shadowy figure hurriedly exits.
